

D-8 Technology Transfer and Exchange Network (D-8 TTEN) Technology Investment Meeting (TIM)

TIM 2017 : D-8 VC Funds, Experiences and Financing Models

Message of Chairman

Dear Excellencies and Distinguished Guests,

Along with technology progress and fulfilling requirements of societies through the achievements of scientists and technologists, Innovation is a distinctive element in products and technologies which make traders transcend in their business competition. Innovation is the major issue in start-up companies and their increase has influenced various fields of science and technology. Reinforcement of investment in innovations raises the market competitiveness in countries.

One of the critical investment issues in technology world is the Venture Capital in start-up firms. Venture capital-backed firms played a key role in driving innovative economic activity during the 1990s. VC firms invest and assist start-up companies till their growth stage. VC issue has convergence with Islamic financing fundamentals; and donating entities like Islamic Development Bank has the experience of such activities. Few countries have long experience of activities in Islamic States meanwhile some states are facing the subject recently.

In order to encourage Islamic States to cooperate in technology investment and pave the way for VC firms, Technology Investment Meeting (TIM) has been designed by D-8 TTEN Secretariat. TIM is aimed at tracing the investment opportunities and sources in member countries by presenting the owners of technology and innovation their achievements to investors in common sessions. Through the drawn framework, technologists and innovators can imagine broader market and commercialization possibility for their achievements.

TIM 2017 is entitled, “VC Funds: Experiences and Financing Models”, and will demonstrate latest activities of VC funds besides detecting activists to draw upcoming cooperation. TIM 2017 sections include keynote speeches, discussion panels participated by great specialists, training workshops and brainstorming session. It is hoped for TIM 2017 to precede successfully a fruitful scope for the next Meetings and could enact investors and venture capitalists to join TIM to observe investment chances that will be exposed by companies.

D-8 TTEN Secretariat is honored to welcome you to TIM 2017 Meeting and is willing to cordially host suitably TIM 2017 distinguished guests.

With best wishes,

Mahdi Saffarinia,

Secretary of D-8 TTEN

About TIM 2017

Investment in technology world and innovation has been a big concern for countries and D-8 TTEN Secretariat has designed TIM 2017 by focusing on Venture Capital. TIM 2017 is aimed at investment engaged with VC firms among D-8 and other Islamic States for which networking and pitching opportunities are designed.

TIM 2017 lay-out contains discussion panels, workshops and pitch deck sessions in addition to networking sessions for VC firms and private equities. In addition, VC firms will draw the way of cooperation for the next years' Meetings.

D-8 TTEN as a platform for Cooperation

D-8 TTEN Secretariat is the organizer of TIM 2017 and is intent to create a cooperation and synergism atmosphere for VC Firms in Islamic States. D-8 TTEN is a network founded in 2013 among the Eight Developing Muslim Countries including Bangladesh, Egypt, Indonesia, Iran, Malaysia, Nigeria, Pakistan and Turkey.

It will function as a platform in technology arena to launch technology cooperation among member countries such as technology transfer and hi-tech products market, capacity building and information dissemination on technological capabilities, achievements, organize technology transactions, and create coordination and synergism among Member Countries. Various instruments are enacted to boost technology-Business atmosphere from which are databank of requests and offers, support to participate in exhibitions, workshops, Business meetings, creating investment and technology transfer and hi-tech products exchanges opportunities and etc.
